FRIENDSHIP VISIT TO BELJING AND OUTIN by Tang Yew Yin

I am a member of Guolin Lake Garden Branch for the past 7 years and have never regretted joining this group. As a result of my daily practice of gigong exercises. I noted that both my physical and mental health

have improved tremendously. Beside this, I am also able to network with a broad spectrum of friends both locally and abroad to share our life experiences, joy and sometimes sorrow. One of the happiest moments which I always look forward to is to be able to join my members for group vacations together. On the invitation of Mr and Mrs Low, the head of the Guolin Shah Alam branch, 16 of us (including 5 from our branch) made a friendship visit to the Guolin Qigong branches of Beijing and Quilin for 9 days. This was a truly inspiring trip for me as through the sharing with fellow friends there that I learnt cancer is not always affiliated with death even if it is life threatening. So many of the members there shared with us their survival stories, One 8 year brain cancer survivor who devotes his time wholeheartedly to Gigong exercises, and some who had been diagnosed as terminal yet still survive for more than 30 years ,It convinced me that gigong is indeed good for me and for anyone who wish to seek for good health.

一向注重运动保健养生的我,对自己的健康信心满满,就连伤风感冒都很少患上,可是却被縟魔盯上。就在三 时我得了子宫颈癌! 它颠覆了我的人生,把我缤纷的生命色彩搅和成一片灰色,一时乱了阵脚。稿定思痛,依 着证严法师名言:"面对他,处理他,接受他,放下他"摄住了恐慌的心神,在家人的扶持,亲友的关心鼓励

,让我学到郭林气功的功理,功法。就凭着"吸吸呼,吸吸转"的自然行功,"吸呼,吸呼,吸转"的特快功 别亲切。平时我们也会天闸地北无所不谈,不论疾病,医疗,生存之道,衣食住行,所有的快乐和悲苦,毫无保留的互相交流,互相鼓励,也是我的另一类疗法。 "话疗"不但抒解了我心中的郁闷,也增添不少知识和生 保留的互相交流,互相鼓励,也是我的另一类疗法。"活疗"不但抒解活乐趣。在这里更有机会参与各类活动,视野开阔了,人也更加开朗 。

走到今天,感恩医护人员的照顾,感恩亲友的支持和打气,更要感恩家人的不弃不离! 对付癌症,除了医疗,
